1. Exit the campsite via Lindelaan. **(Note: this is not the main entrance !)** Turn right at the asphalt road. At the junction, turn right again. At the T-junction, take the D120 right again and then take the first left (towards Labretonie). Follow this road for 650 meters.
2. At the first paved road, turn right. Continue towards La Fôret, following the paved road. At Montplezier, bend left. At the Y-junction, turn left. Continue following the paved road until just before the last house.
3. Here you turn right into the forest. Follow the small forest path until you reach a T-junction with a wider forest path. Here you turn left, then right at the next T-junction and right again at the next T-junction. At the Y-junction of the forest paths, keep right. At the next junction, turn right and walk along the edge of the forest for a while. At the junction, choose the slightly ascending path straight ahead. At the three signs, you'll find a grave in the forest on your right!
4. But you continue straight ahead. You leave the forest and follow the edge again. A little further on, the path re-enters the forest (ignore the side paths). A little further on, when you emerge from the forest, you'll have a beautiful view of Verteuil on your right.
5. Cross a stream and immediately follow an overgrown path to the right. This path runs parallel to a stream. Follow the stream until you reach the first field path on the left.
6. Take this road until you reach the D120. Follow the road to the right for about 250 meters until you reach the campsite.
